

What's the best time to hold a children's party?

Mums and dads I am giving this advice with the greatest respect....to help you towards having a perfect party for your child.

Like all good entertainers, on weekends and during school holidays **Mr Wishy Washy** usually offers 2 time slots 11am to 1pm and anytime after 3pm which are great time for a child's party. The further you are from Plymouth the greater the gap between the time slots to allow for travel time.

A lot of people try to arrange their Childs party from 1pm to 3pm or 2pm to 4pm, they seem like a nice time's for a party, however you'll struggle to get a good entertainer for those time slots

The 11am to 1pm slot is best for younger parties for 4 and 5 year olds, because they can get tired later in the afternoon, for older children any time slot is OK.

Please note:- Times are not set in stone and a simple call and chat with Mr. Wishy Washy may be able slightly move your party time if its possible to do so.
